

## Longmeadow Heat Advisory

**July 2, 2018**

**With the next few days predicted to be in the 90's, the Town of Longmeadow would like to offer the following tips and resources.**

First if you need to get out of a hot house and need a place to cool off, the following town locations are available:

The **Longmeadow Adult Center** located at 231 Maple Rd. is available as a cooling center from 8AM until 3PM Monday through Friday. If you need transportation please call the center at **413-565-4150**. If you believe you will have a need for a cooling location over the weekend, please call the Adult Center during normal business hours and express that need.

The **Storrs Library** located at 693 Longmeadow St is also available as a place to escape the heat. The library hours are Monday through Wednesday 10AM to 8PM and Thursday-Friday 10AM to 5PM.

If you have a neighbor or relative for whom you are concerned, you can contact the Adult center at 565-4150 (M-F AM – 3PM) or after hours dial 911 or 413-567-3357 and the Fire Department will attempt to make contact with that person to evaluate their needs.

We have posted some helpful tips and links on the town's web site at [www.longmeadow.org](http://www.longmeadow.org)
