

Do you have a green thumb?
Join the Longmeadow Gardeners!

The Longmeadow Gardeners are actively seeking new members. The invitation to join is open to Longmeadow residents who have an interest in gardening and helping our community.

The Longmeadow Gardeners organizes educational events from April through November, most of which are held at Storrs Library. The club manages the plantings at Storrs Library and Storrs House and provides decorative flower arrangements to both the Library and the Senior Center throughout the year. The group also coordinates the annual Arbor Day celebrations with all of the elementary schools in Longmeadow. All activities of the Longmeadow Gardeners are supported by the club's festive holiday poinsettia sale that takes place the first weekend of December at Storrs Library.

The investment of your time is nominal but the dividends are priceless as you make new friends and help our community!

If you would like to join the Longmeadow Gardeners, please write to Craig Carr at cmtcarr@aol.com.

The Longmeadow Gardeners is a member of the Garden Club Federation of Massachusetts.
