February's Selection - *A Piece of the World* by Christina Baker Kline

Summary of Book Selection. "To Christina Olson, the entire world was her family's remote farm in the small coastal town of Cushing, Maine. Born in the home her family had lived in for generations, and increasingly incapacitated by illness, Christina seemed destined for a small life. Instead, for more than twenty years, she was host and inspiration for the artist Andrew Wyeth, and became the subject of one of the best known American paintings of the twentieth century".-- C/WMARS

Copies of this month's book selection are available at Storrs Library, as well as [online](#) in our Libby catalog.

Owen Wormser 'Lawns Into Meadows' Author Talk

sequestering, pollinator-sheltering and feeding, beautiful space.

Learn about Hampden-Hampshire Conservation District's grant program designed to help you get started in your own landscape.

Win prizes (including copies of Owen's book) and get free resources to help you plan for spring!

This program is part of the Hampden-Hampshire Conservation District's Native Plants Education Series.

Please register in advance.

Music Appreciation with Rob HUMBERSTON

Wednesday, February 14, 1:00–2:30

[Read More/Register](#)

Rob Humberston returns for another year of musical listening and exploration by way of his personal collection of recordings built over five decades. One unique aspect of his collection is the inclusion of recordings based on historically informed performance practices, often utilizing instruments - both original and in reproduction - appropriate to the time of the composition.

As in the last program, he will take a chronological approach to choosing different topics for listening and discussion, beginning in the Fall with the Middle Ages and Renaissance. Topics will include: musical forms; chant; historical musical instruments; specific genres of music; geographical considerations; and selected composers.

Please Register in advance. This program is intended for adults.
